Abhay CV

9353171143 abhaycv143@gmail.com abhay-cv-2153b62b0 abhaycv007

Skills

- **Programming:** Java, Python
- **Core:** OOPJ, Data Structures, Operating Systems

Projects

Arduino Smart Kitchen GitHub

- Developed an **Arduino-based smart kitchen system** focused on making kitchen environments safer and smarter.
- Applied **Arduino programming** and sensor-based automation to improve kitchen safety and convenience.

Achievements

- Completed **Introduction to Generative AI** in July 2026.
- Completed **Introduction to Large Language Models** in September 2026.
- Developed an **Arduino Smart Kitchen Project** focused on improving kitchen safety and smart automation.
- Completed a **Data Science Learning Journey**, strengthening foundational knowledge in data science.

Experiences

- Currently building practical experience through academic projects and hands-on learning in **Data Science, Java, Python, and emerging AI technologies**.

Education

B.E. in Data Science 2025 – 2029

Adichunchanagiri Institute of Technology (AIT), Chikkamagalur, Karnataka, India

CGPA: **8.1**
